As a part of centenary celebrations

Department of Library and Information Science

In collaboration with Dr. V.S. Krishna Library

Andhra University

A Century of Excellence (1926-2026) NAAC A++

organized

Five-Day Intensive Workshop on KOHA

Dates:

06-04-2026 to 10-04-2026

Venue:

Browsing Centre, Dr. V.S. Krishna Library, Andhra University

Chief Patron

Prof. G.P. Raja Sekhar
Honorable Vice-Chancellor, Andhra University

Patrons

Prof. P. King
Rector, Andhra University

Prof. J. Ravi
Principal, College of Arts and Commerce

Prof. K. Rambabu
Registrar, Andhra University

Workshop Director:
Prof. C Sasikala,
Honorary Professor,
Dept of LISc

Organizing Convener/ Co-ordinator
Dr Dhana Raju Veeramallu
Associate Professor & HoD,
Dept. of LISC
Mail: dhanuvr@gmail.com
Contact No:9182827373, 9440316454

About the KOHA: KOHA is a free and open-source Integrated Library Management System (ILMS) originally developed in New Zealand in 1999. Since its inception, it has evolved into one of the most widely adopted open-source library automation solutions, serving academic, public, special, and research libraries worldwide. KOHA was designed to simplify and modernise library workflows while ensuring adherence to internationally recognised library standards.

KOHA automates all core library operations through a fully web-based interface, allowing librarians and users to access the system from anywhere with an internet connection. Its modular architecture includes cataloguing, circulation, acquisitions, serials control, patron management, Online Public Access Catalogue (OPAC), and reporting, thereby covering the complete life cycle of library resources and services.

A key strength of KOHA lies in its community-driven development model. Libraries, developers, and vendors worldwide contribute to its continuous improvement, ensuring regular upgrades, security enhancements, and feature expansion. Being cost-effective and license-free, KOHA is especially suitable for institutions with limited budgets. Its high level of customisation allows libraries to tailor workflows, OPAC interfaces, and reports according to local requirements.

KOHA is fully compliant with major international library standards, including

MARC21, Z39.50, and UNIMARC, ensuring interoperability, accurate bibliographic control, and seamless data exchange with other library systems. Furthermore, it integrates effectively with digital platforms and repositories, enabling efficient management of both print and electronic resources. Overall, KOHA provides a robust, flexible, and future-ready solution for libraries seeking sustainable and standards-based automation.

ABOUT THE UNIVERSITY As one of India's oldest Universities, founded in 1926 by Dr C.R. Reddy, it has earned international recognition for quality education in science, engineering, arts, commerce, law, and fine arts. Distinguished leaders like Dr Sarvepalli Radhakrishnan and Dr V.S. Krishna strengthened its tradition of academic innovation and excellence. With five constituent colleges and five P.G. centres, it offers over 160 Master's and Doctoral programmes, alongside undergraduate courses in engineering, technology, arts, science, and commerce. The growing enrolment of international students reflects its global standards, and it has recently introduced five-year integrated programmes in fields such as Geology, Information Technology, and Software Engineering. Now the University will celebrate its hundred years of legacy.

ABOUT THE DEPARTMENT OF LIBRARY & INFORMATION SCIENCE
The Department of Library and Information Science at Andhra University began in 1935 with summer and regular Librarianship courses organised by Dr. M.O. Thomas. Koneru Ramakrishna Rao became Chief Librarian and Head in 1961, bringing valuable international experience. In 1979, the M.L.I.Sc. program was introduced in 1979–80 and the M.L.I.Sc two-year integrated programme was introduced in 1995 to meet academic and professional demands. The department produced more than 100 doctoral degrees in different areas.

Tourist Attraction: Visakhapatnam (Vizag), the largest city in Andhra Pradesh, is known for its beautiful Bay of Bengal coastline, scenic hills, valleys, caves, and notable city landmarks. The region also supports eco-tourism with its national parks and wildlife sanctuaries.

Accommodation: The Organising Committee may assist participants with accommodation on prior request. Those requiring it must pay the charges directly to the respective hotels or guest houses.

Resource Persons

Dr. Shankar Reddy Kolle
Librarian Central Tribal University of Andhra Pradesh

Dr. C. Mallikarjuna,
Deputy Librarian (IIT Hyderabad)

Dr. Vinod Kumar Mishra,
Deputy Librarian (Tripura Central University)

Dr. S. Padma Shree
Librarian (Retd.), (Indian Maritime University)

Dr. O. Seshaiah
Librarian (PBRVITS, Kavali)

Prasad Vangapandu
Library and Information Assistant, NIT Pudicherry

Target Audience: Library and Information Science faculty, professionals, Research Scholars and Students. Participants' registrations will be accepted on a first-come, first-served basis.

Advisory Committee

1. **Prof. K. Srinivasa Rao,** *Honorary Librarian, Dr. V.S. Krishna Library, Andhra University*
2. **Prof. K. Somasekhara Rao,** *Retd., Dept. of LISc*
3. **Dr. Jithendar Kumar,** *Librarian, IIPE*
4. **Dr. D. Narayana,** *Assistant Librarian, CTUAP*
5. **S. Arun Kumar,** *Librarian, GDC Ravulapalem,*
6. **Dr. Siba Prasad Panda,** *Librarian, GITAM University*

For Registration

Registration Link:
